

SONNY ROLLINS

WAY OUT WEST DELUXE EDITION

Celebrating the 60th anniversary of the recording session in 1957 and the 60th anniversary of the first stereo release of the album in 1958, *Way Out West*, alongside *Saxophone Colossus*, cements Sonny Rollins' status as one of the top tenor saxophonists of all-time. This meticulously compiled package pays appropriate tribute to the importance of the landmark recording with an audiophile-quality pressing of the original album and a second LP of bonus material featuring rare and previously unreleased tracks from the legendary 3 A.M. session with bassist Ray Brown and drummer Shelly Manne. Both records are pressed at Quality Record Pressings (QRP) on 180-gram vinyl from lacquers cut by George Horn at Fantasy Studios. GRAMMY® Award-winning writer Neil Tesser contributes liner notes, which include excerpts from a recent interview he conducted with Rollins especially for this release. Rare photos by famed jazz photographer William Claxton round out the collection, which comes housed in a handsome, hinged box.
